About This Game

Achievement Machine is a colorful clicker game for those who wants not only to get tons of achievements in no time, but also to enjoy real gameplay and various game modes!

We at Playloft don't like boring spamming games, but knowing your true love of achievements and interesting gameplay we've taken the liberty to make both colorful and enjoyable clicker game with lots and lots of achievements.

Rules:

Click the icons to clear the game field. Every new click can bring you another achievement. There are some special icons hidden among the regular ones:

- Explosive icons — explode the icons placed around them;
- Armed icons — extra strong;
- Energy icons – let you clear the whole row of icons.

Sometimes you can unlock one of the secret icons, that activate an additional game mode. Try to find them all!

A UNIQUE CLICKER

Achievement Machine combines both achievement farming and fun gameplay with several modes - find a special icon on the field to start them.

5000 ACHIEVEMENTS

A simple and fun way to expand your collection with tons of new achievements. Decorate your Steam profile with amazing well-drawn icons!

A SECRET ACHIEVEMENT #5000

Did you think that it would be that simple? To get a secret achievement you'll need to give it your best shot. Let's see if you're lucky enough to unlock it!

Henez really hit it home with this one. top game. just wish he'd port Dark Reverie to windows 10. Guys this game is completely online and there are no player on steam. If you buy it you can just practice on your own. There is even no single player mode !. As much as I am fond of the game overall, I will have to give this particular DLC a negative review.

Even though the gameplay in itself probably lives up to the name "Total War" better than any of the other games or DLCs in the entire series, the way things have been implemented and simplified doesn't quite look professional. Overall, it feels more like an ambitious mod project, rather than an official DLC.

If something, *Caesar in Gaul should be free to play rather than something to pay for. Because again, it's not necessarily boring or bad gameplay, just badly polished.. Not recommended.*

Game developer simply ignores posts about game issue (thread on forums)

[it's been a month or so. I asked what to do because game fails to start all of a sudden. developer went and asked "is it works now?" \(maybe to troll me:\)\) and never got back since that "question". Linux port of the game still does not work and I have no idea how to fix it. Wasted money. Too bad we have no way to get mandatory support here on steam. Every indie developer can just take your money and ingnore your queries.](#)

[Avoid this game if you're looking to play it on Linux.. Nice postmodern adventure for short one-evening play.](#)

I myself like different kind of golf games. It don't matter if it's a mini-putt game or a straight on regular golf game.

This one, has a twist that I really, really love. Space. It is so rewarding to see the ball fly through space and act as expected. The sad thing is, I'm not good at golf. Brilliant game this!

<https://www.youtube.com/watch?v=zI97VNutBhg>, first startup the game showed language flags and although i picked the american flag it gave me some other language, italian maby? Started up in a 800x600 window that doesn't capture the mouse or even accurately register when the mouse is over it. My mouse litterally only shows up in the top left corner of the game screen when i need to click a button on the bottom right corner. i completely deleted all local content and reinstalled and it kept the faulty settings. In other words i couldn't even play this game.. Nice mix of puzzles and light platforming. The game mechanics are great and lead to some interesting situations.

Clocked in only 2 hours of game play but for the price it's worth it.. Another crap mobile game, awful.

My Score - 0/10. I love this game, at the time of writing i have 777 hours in this game, i guess It's my lucky hour! I would recommend this game to anyone who like an even mic of action and strategy.. hiveswap expands upon everything that made homestuck so charming and fun. putting that signature homestuck dialogue, world-building, and characterization into a point-and-click game set in the 90s was a brilliant idea and the execution is perfect, imo. i can't wait for act 2.. Let me run with a button and not with double tap you ♥♥♥♥er. This is good.I will wait another episodes ;). Like a Single Player Dungeons and Dragons.

In Geneforge 5, the progression is slow, and balanced, but in the end, you can achieve power equal to some faction leaders. In general, the story is great, and emersive. If you're not that skilled, I recommend playing on casual so you can experience the story without having to reload often. Also, experience with the previous games is not required at all, but after playing every game in order, it's cool seeing important characters grow and change.

To conclude this review, I recommend this game to anyone who likes turn based Dungeons and Dragons style RPGs, and anyone who enjoys a good story.. Nice fun free game.

PS: The gameplay is simple but difficult for the average player, quite easy to master for hardcore gamers tho'.
